

Less demands.  
More rewards.

All the performance – without the complexity

Recent trends have shown that businesses are looking at their print environment as a way of driving efficiency throughout their business. By replacing outdated inefficient printers and copiers with energy efficient multifunction devices they can achieve productivity gains, improved device availability and significantly reduced costs. As well as helping to shrink the overall carbon footprint of an organisation, multifunction devices deliver a simple to use, yet versatile solution that is flexible enough to meet the needs of different users across the business. This enables the business to provide transparency in their costs, increased competitiveness and the ability to respond quickly to market demands. Introducing the Samsung SCX-4833 series mono laser multifunction printers. This intelligently designed range of devices offers reliable and fast performance alongside ease of use for maximum user convenience. Its high ECO credentials make it the ideal option for businesses that are looking to reduce their environmental impact as well as reduce costs, increase productivity and improve workflow.

It multi-tasks so you don't have to

Productivity is key to running any office or professional workgroup. And the versatile SCX-4833FR was designed to deliver exactly that. Now you can print, copy, scan, fax and PC-fax with unparalleled convenience, ease and speed. Why cram a corner of your office with several different machines when all you need is one central device – the SCX-4833FR laser multifunction printer.

Welcome to your high performance office

The SCX-4833FR increases your productivity with a print speed of 31ppm. If its breathtakingly fast printing speed isn't enough, when you factor in the processing power that comes with a 600MHz Dual Core processor, fast network and memory expandable up to 768MB, there's no doubting the high-octane performance the SCX-4833FR can bring to any office.

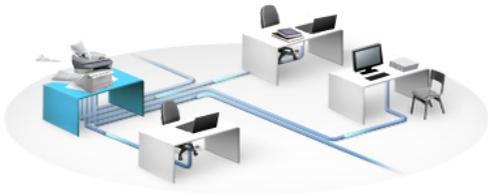

Save time and earth with convenient one-touch eco mode

One touch of the ECO button and you've automatically selected the most eco-friendly print settings. Your printouts are automatically converted to two pages per sheet, and the toner save mode is switched on.

And it doesn't stop there. With the unique Result Simulator you can see exactly how much CO2, electricity and paper you

have saved with the settings you've selected. Giving you real insight into the positive impact the Samsung SCX-4833FR is having on your costs and the environment too.

### Connect with your colleagues

Connect everyone in your office to one network and keep everything running smoothly. They'll share a common printer and you'll save time from servicing multiple machines. And with the Gigabit LAN you can increase your performance by hooking it up to the network. Improve your communication skills with the SCX-4833FR laser printer and keep your lines of communication open.

### The printer that works with your budget.

The SCX-4833FR lets you choose the right consumables option which you can afford. Toner cartridges are available in cost-effective standard-yield 2,000-page version and high yield 5,000-pages version which provide a lower cost per page and require fewer replacements.

### Capture what catches your eye

Samsung's AnyWeb Print software lets you go hunting and gathering on the Web. You can utilise the SCX-4833FR to easily select, drag, and drop content from different web pages onto a printable scrap board in your browser window, all while you surf the web. Items can be printed quickly or saved in different file formats. It's an easy way to collect, arrange, and edit useful reference points and resources you can only find on the web for big projects – or even just for fun.

### Fed up with paper feeding?

Feel free to multitask while your documents print: SCX-4833FR will crank through even your biggest print jobs without relying on you for a paper refill. Upgrade the standard 300-page capacity cassette with 520-page optional cassettes for even larger capacity paper handling, perfect for all of your bulk printing needs. Sometimes, bigger really is better.

### Speedy printing from the very first page

Quit spending your life waiting by the printer. The SCX-4833FR's industry-leading first page out time will have your first high-quality print in your hands in 6.5 seconds from ready mode. With its rapid 31 page-per-minute print speed and professional-grade resolution, you'll get print shop quality in the convenience of your own office. The only problem? What to do with all that new found time.

### Take the guesswork out of printing

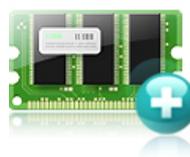

Has communication been an issue in your current printer relationship? It's time to move on. With the SCX-4833FR's big, bright display, you'll never again have to guess at abbreviations and error codes. The SCX-4833FR tells you its status in crystal-clear lettering on a 4-line LCD screen, twice the readable space of typical printers. Finally, a printer that actually speaks your language.

### Compass Navigation

Always know where your job stands with the SCX-4833FR's navigation feedback LED pattern. It keeps you clued in with its 11 different job status

### Expandable Memory

The built-in memory in the SCX-4833FR means that it can handle your workload without breaking a sweat. Enjoy fast processing with the

indicators, including error and warning situations.

### SyncThru™ Web Service

Tired of having to install software just to manage your printer? Now you can change printer settings, upgrade firmware and check your printer's status easily with just a web browser and the innovative SyncThru™ Web Service.

### SyncThru™ Admin 5

Who says you can't do it all? SyncThru™ Admin 5 lets you easily install, manage and monitor all your networked digital print devices on an accessible interface. You also have the ability to analyze data in greater detail with easy-to-read reports.

### CounThru™ 2 Pro / Enterprise

Get printer status without leaving your seat. Receive low toner level warnings, system error notifications and even usage and customer billing summaries with Samsung's proprietary CounThru™ 2 Pro / Enterprise interface.

### Paper Jam

Don't let your productivity come to a halt. The SCX-4833FR features semi-retard roller works to pick up only one piece of paper at a time while preventing sticky situations like misfeeds and paper jams.
